

# KEEPING YOU SAFE WITH SOCIAL DISTANCING

**At Emerald Fields, the health of our team members, guests, and communities is our top priority. We have been closely monitoring the situation and have implemented ongoing measures to keep our communities healthy. As part of these efforts, we have implemented additional policies with visiting our stores to maintain social distancing between all persons in the store.**

- All guests will be directed to keep six feet between each other at all times
- There shall be no more than ten guests patronizing the dispensary at any one time
- Lines outside the dispensary shall be managed to an acceptable level to comply with a six feet gap between customers and reduce crowding
- We strongly encourage all guests to pre-order through our online system at **[EmeraldFields.com](https://www.emeraldfields.com)**
- Our team will prioritize online orders for expedited pickup
- We encourage all guests, including walk-up guests, to review our online menu at [EmeraldFields.com](https://www.emeraldfields.com) to minimize their transaction times and waiting
